

Professional Opportunity

Independent Assessments

Job Description

Alphaport, Inc. has an opening for an Independent Assessment Engineer onsite at a NASA client facility in Cape Canaveral, FL. This full-time position supports Kennedy Space Center by conducting Independent Assessments.

Key Responsibilities

- Conduct Independent Assessments either independently or as part of a Government/Contractor team to provide programmatic, technical, and process expertise. Assessment activities require participating and presenting in a number of forums (e.g. readiness reviews, senior management meetings).
- Activities conducted in support of assessments include, but are not limited to, engineering analysis, design reviews, mathematical models, subject matter research, personnel interviews, and data analysis.
- Perform assessments in accordance with the NASA plans and processes.

Education and Work Experience

- Minimum BS degree in Engineering or Science
 - Eight years of directly related experience may be substituted for a BS degree

Physical Requirements

Kneel, crouch, and manipulate (lift, carry, move) light to medium weights of 10 to 20 pounds. Requires good hand-eye coordination, arm, hand and finger dexterity, including ability to grasp, and visual acuity to use a keyboard, operate office equipment, and read information on spreadsheets and reports. The candidate frequently is required to sit, reach with hands and arms, talk, and hear.

Alphaport, Inc. is an equal opportunity employer. Qualified applicants will be considered without regard to age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality, sex, or veteran status.

Due to contract requirements, U.S. citizenship is required to obtain access to government facilities and systems.

Local candidates only (Cape Canaveral, FL area). No relocation.
